MidBRAIN Way To Genius

IMPROVE CONCENTRATION
CORRECT HYPERACTIVE SYMPTOMS

As a parent would you like to:

- Improve your children's ability to play Piano, Violin, or other **Musical** Instruments?
- Improve your children's ability to **Draw** and expand their **creative** and innovative potential?
- Improve your children's reaction time and kinesthetic learning ability for **Sports** such as Golf, Soccer, and Basketball?
- Substantially increase your children's capability to **Concentrate** and **Comprehend**?
- Build your children's **Confidence** so that they will be ready to face the many challenges that life has to offer?

If so, MidBrain Activation may be just the training program you need! At Midbrain Educational Center we have developed a scientific method to help your children maximize their brain's potential. Our latest brain training methods include: **Imagination Training, Photographic Memory Training, Concentration Training, Breathing Techniques, Brain Fitness, Visual Exercises, Finger Exercises, and Brainwave Enhancement.** After completing a full cycle of training, students will learn how to more efficiently use their brain's to achieve their full learning potential

Testimonies from students:

- Kristina, a 4 year old girl, attended Midbrain training for a total of 30 hours and can fully remember complex choreography for dance after only 2 rehearsals.
- Jeremy, a 6 year old boy, attended the training for only 20 hours and managed to shorten his breakfast time from 50 minutes to 15 minutes as well as shortening the time he takes to complete his homework.
- Aldon, a 7 year old boy, took part in the 40 hours Midbrain training course and can now finish a Kumon packet in 15 minutes that used to take him more than an hour.
- Tony and Cameron, both 11 year old boys, attended our 35 hours training course and increased their memory capacity by 110% after testing!
